DM/ML tools...

What are trends you notice??

Why so many ML APIs, esp in Python?

Viz

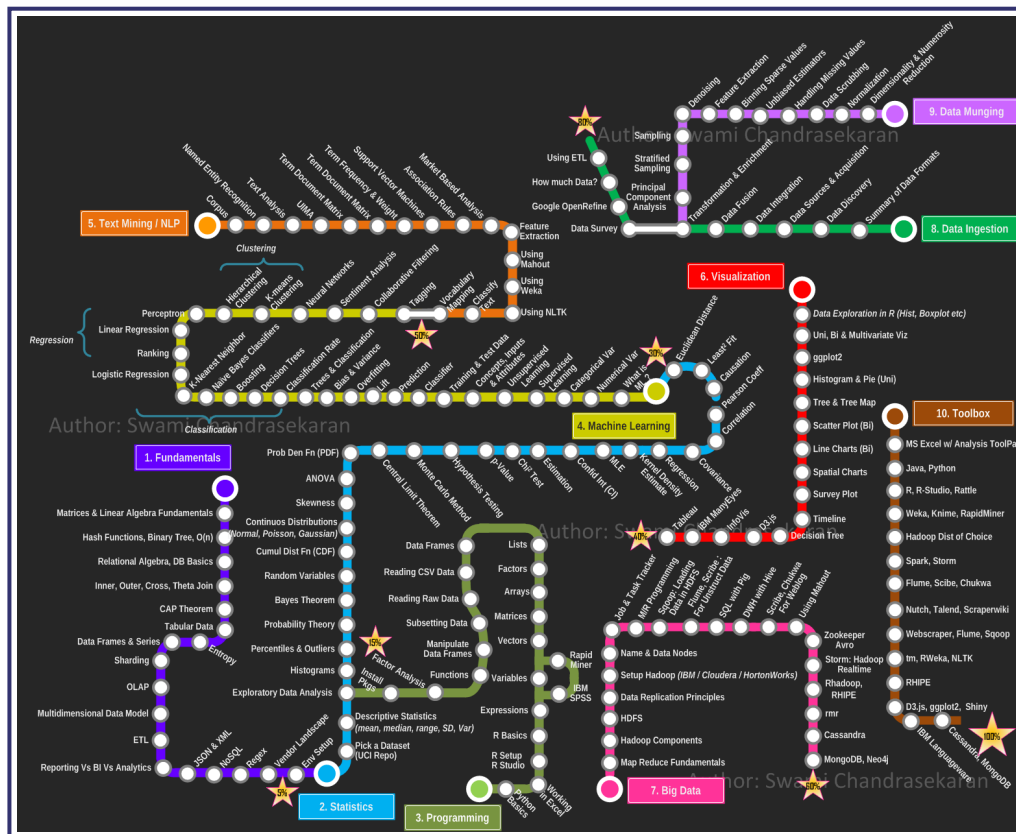

What is a choropleth? What is an alternative to present such data?

'GPSETC'

Runaway problems with: governance, privacy, ethics?

Where do you/we go from here?

Ride the subway - back and forth, up and down town, round and round... never get off
(NEVER STOP LEARNING)!!

It ALL comes down to...

DATA!
